

IEEE Certified Biometrics Professional® (CBP)

IEEE has developed a certification program to meet the training, hiring and evaluation needs of professionals and companies throughout the biometrics industry.

IEEE Biometrics Compendium

This new online publication brings together all of the vital IEEE research in the rapidly evolving field of biometrics, drawing on existing papers and conference proceedings to keep you at the forefront of cutting-edge technology.

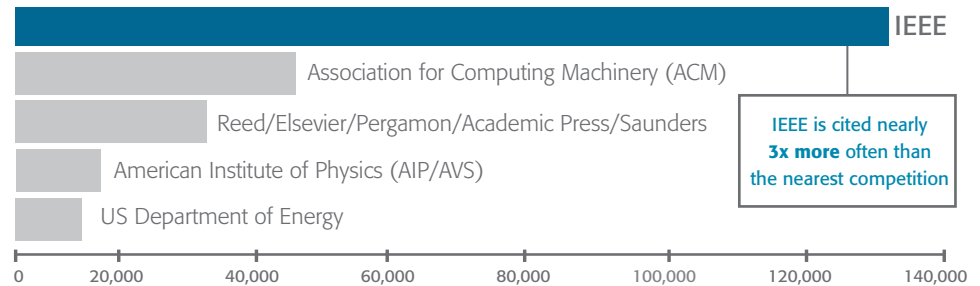

Biometrics Organizations Innovate with IEEE Information

Whether you're developing applications for criminal, citizen or consumer identification, military operations, or computer network and internet security, IEEE is your gateway to the most vital information in the industry today. With the intuitive IEEE *Xplore*® digital library, you'll find the journal articles and conference proceedings needed to lead biometrics innovation—and boost your company's bottom line.

IEEE Information Drives Technology Patents

Today's biometrics corporations deliver new patented technologies at an ever-increasing pace, based on research that is at the forefront of the industry. Patent references to IEEE papers have increased 515% since 1997 and recent studies of the top patenting companies show that **IEEE scientific and technical articles are cited nearly 3 times more often than any other scholarly or commercial publisher.**

Patent References from the Top 5 Publishers

IEEE is cited nearly
3x more often than
the nearest competition

Essential IEEE Content in Biometrics Technology

IEEE content remains crucial to the biometrics industry—providing research in a wide variety of topics through the IEEE *Xplore* digital library.

Face/Iris Recognition/Identification	20,200+ documents
Gait/Gesture Biometrics/Recognition	10,700+ documents
Speaker/Face Recognition	36,200+ documents
Handwriting/Signature Recognition	13,300+ documents
Video Coding	28,600+ documents
Biometrics Access Control	2,700+ documents
Information Forensics and Security	30,300+ documents
Biometrics/Biometry/Bioinformatics	36,600+ documents
Iris Scan/Biometrics/Recognition	1,900+ documents
Data Mining	88,900+ documents

Counts are accurate as of May 2011 and include IEEE/IET content.

The IEEE *Xplore*[®] Digital Library

Find a subscription that's right for you—from tailored journal collections to the entire research catalog—with the IEEE *Xplore* digital library. Along with journals, magazines, conferences, standards, eBooks and eLearning, IEEE *Xplore* delivers:

- The world's most highly cited journals in technology
- More than 3 million full-text documents
- Full-text, searchable PDFs for all documents
- Full INSPEC abstract and citation records
- Weekly content updates—20,000+ new IEEE/IET articles every month
- Multiple search options
- Interactive reference linking
- Free e-mail alerts

IEEE Leads Biometrics Technology

IEEE enables innovation as a leading developer and producer of content across a wide range of industries, from conferences to eBooks and eLearning courses for aspiring individuals and growing organizations. Below is a sampling of IEEE content.

Journals

- IEEE Internet Computing Magazine*
- IEEE Transactions on Systems, Man and Cybernetics, Part B*
- IEEE Transactions on Pattern Analysis and Machine Intelligence*
- IEEE Transactions on Information Forensics and Security*
- IEEE Security & Privacy Magazine*
- Proceedings of the IEEE*

Conferences

- IEEE International Conference on Biometrics, Identity and Security
- International Conference on Information Assurance and Security
- International Conference on Bio-Inspired Systems and Signal Processing

eBook

Biometrics: Theory, Methods, and Applications; Authors: Boulgouris, N. et al

eLearning Courses

Now available via an expanded course series!

- Fingerprint: Technologies and Algorithms for Biometrics Applications; Author: Franco, Annalisa
- Gait and Posture: Technologies and Algorithms for Biometrics Applications; Author: Nixon, Mark S.
- Biometrics: Privacy and Social Acceptance; Authors: Boul, Terrance and Scheirer, Walter
