

# IEEE Computing Library

IEEE *Xplore*® Digital Library Subscription Option

## Take advantage of innovative computing research with a specialized subscription

The IEEE Computing Library offers unlimited access to today's most respected computing research—with 27 of IEEE's core computing journals and magazines, plus the flexibility to view other articles from the IEEE *Xplore* digital library. Get access to the information used by leaders in the computer hardware and software industries and stay on top of emerging technologies.

## IEEE Computing Library delivers key benefits for your research team:

- **Drive new ideas**, designs and applications with cutting-edge research
- **Develop better solutions faster** by understanding the technology landscape
- **Stay ahead of advancements** and benchmark competitor research
- **Increase productivity** by reviewing previous research so you don't reinvent the wheel
- **Accelerate innovation** with convenient access to proven research all in one place
- **Share vital information** with a company-wide online file cabinet

## Collaborate with the IEEE *Xplore* file cabinet

See what your colleagues are reading and share downloaded documents by storing them in a company-wide online file cabinet. Once each unique document is in the file cabinet, anyone in the company can access it without using another download—making it easy to collaborate and fuel innovation.

Note: The shared file cabinet stores a maximum of 10,000 documents

## IEEE Computing Library Quick Facts

Access innovative research with a subscription targeted for developing computing technology:

Unlimited downloads for 27 of IEEE's core journals and magazines in computing

Complete backfile of computing publications

1,000 article downloads to access other content, including:

- All other IEEE journal, magazine and transaction titles
- 900+ IEEE conference titles
- 5 AIP/AVS journal titles
- *IBM Journal of Research and Development*, including *IBM Systems Journal*

Select from more than 2 million full-text documents

Access to the SWEBOK recommended practices for software engineering

Subscribing to all current IEEE computing titles, with 1,000 downloads for other content, could cost over US\$55,000.

**An annual subscription to IEEE Computing Library is just US\$20,995.**

Replenish article downloads at any time:

100 articles at \$12/pdf—US\$1,200

500 articles at \$11/pdf—US\$5,500

1,000 articles at \$10/pdf—US\$10,000

# IEEE Computing Library: Delivered through the IEEE *Xplore*® Digital Library

## Access respected technology research that generates results

IEEE *Xplore* includes **top-ranked journals and technology research that is cited in patents three times more than the nearest competitor.** With over 2 million full-text articles and papers, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics and computer science.

## Find relevant research faster with powerful search tools

IEEE *Xplore* combines an easy-to-use interface with powerful search tools that make finding relevant research faster and more streamlined.

**Search:** Intelligent features such as convenient type-ahead, a functional search breadcrumb trail, and a "Refine/Expand Results" module lets you modify and find results easier than ever before.

**Personalize:** You can also personalize IEEE *Xplore* to create targeted saved searches and receive e-mail alerts or RSS feeds of new content updates.

**IEEE *Xplore* also provides:** Basic, Advanced & Command search options, IP authentication, INSPEC® abstract/citation and bibliographic records, persistent links (OPAC) and weekly content updates.

## IEEE Core Journals in Computing:

### Artificial Intelligence

- IEEE Transactions on Affective Computing
- IEEE Intelligent Systems Magazine
- IEEE Transactions on Pattern Analysis & Machine Intelligence
- IEEE Transactions on Learning Technologies

### Biotechnology/Networking

- IEEE/ACM Transactions on Computational Biology and Bioinformatics
- IEEE Transactions on Parallel & Distributed Systems

### Computation/History

- Computing in Science & Engineering Magazine
- IEEE Annals of the History of Computing

### General Computing

- IEEE Computer Magazine

### Graphics & Multimedia

- IEEE Computer Graphics & Applications Magazine
- IEEE MultiMedia Magazine
- IEEE Transactions on Visualization & Computer Graphics

### Hardware

- IEEE Micro Magazine
- IEEE Design & Test of Computers Magazine
- IEEE Transactions on Computers
- IEEE Computer Architecture Letters
- IEEE Transactions on Haptics

### Internet & Data Technologies

- IEEE Internet Computing Magazine
- IEEE Transactions on Knowledge & Data Engineering
- IEEE Transactions on Services Computing

### IT & Security

- IT Professional Magazine
- IEEE Security & Privacy Magazine
- IEEE Transactions on Dependable and Secure Computing

### Mobile Computing

- IEEE Pervasive Computing Magazine
- IEEE Transactions on Mobile Computing

### Software

- IEEE Software Magazine
- IEEE Transactions on Software Engineering
