## IEEE/IET Electronic Library (IEL)

IEEE's most comprehensive online collection, the IEEE/IET Electronic Library delivers access to the most vital information in technology today:

- Access to nearly one-third of the world's current literature in electrical engineering, communications and computer science
- The top-cited journals in many fields
- The journals, conferences and standards that fuel more new patents than any other publisher
- Globally accepted standards in power generation, information technology, telecommunications and other emerging fields

## About IEEE

IEEE, a non-profit organization, is the world's leading professional association for the advancement of technology. Through its 395,000 members in more than 160 countries, IEEE is a leading authority on areas ranging from aerospace systems, computers and telecommunications to biomedical engineering, electric power and consumer electronics, among other technologies.

## IEL: The Only Source You Need

IEL includes journals and conferences in all areas of communications, computing, electrical engineering and much more. Covered technologies include:

- |                        |                        |
|------------------------|------------------------|
| Aerospace & Defense    | Information Technology |
| Automotive Engineering | Medical Devices        |
| Biomedical Engineering | Nanotechnology         |
| Biometrics             | Optics                 |
| Circuits & Systems     | Petroleum & Gas        |
| Communications         | Power Electronics      |
| Computer Hardware      | Power Systems          |
| Computer Software      | Robotics & Automation  |
| Electronics            | Semiconductors         |
| Energy                 | Smart Grid             |
| Engineering            | Wireless Broadband     |
| Imaging                | And much more!         |

## About the IEEE Xplore® Digital Library

IEEE Xplore delivers IEL and our other electronic products to your desktop. With powerful search tools and more than 2 million full-text articles and papers, it is your gateway to more than 30% of the world's current literature in electrical engineering, electronics and computer science.

[www.ieee.org/ieeexplore](http://www.ieee.org/ieeexplore)

*"IEEE has always been a leader in adopting technology. Tools like IEEE Xplore can bridge the gap and help make all countries feel they are part of the global community. . . IEEE Xplore is an absolutely great tool."*

—Dr. Mathukumalli Vidyasagar,  
Head of Bioengineering Department,  
University of Texas, Dallas

## IEL: The Best Content in the Field

The IEEE/IET Electronic Library (IEL) provides access to almost a third of the world's current electrical engineering and computer science literature, featuring high-quality content from IEEE as well as the Institution of Engineering and Technology (IET).

<p><b>IEEE Journals, Transactions &amp; Magazines</b> 151 annual titles</p>	<p>The leading periodicals in electrical engineering, computing, biotechnology, power and energy, telecommunications and numerous other technologies.</p> <p><i>Complete backfile to 1988, with archival content to volume 1, issue 1 for many titles—as far back as 1893!</i></p>
<p><b>IET Journals &amp; Magazines</b> 25 annual titles</p>	<p>Includes IET's flagship magazine E&amp;T—Engineering and Technology, Electronics Letters, Micro &amp; Nano Letters and 20 other IET research journals, refereed publications reporting the latest research and technical developments relating to electrical engineering and computing technologies, plus two new titles launching in March 2011.</p> <p><i>Complete backfile to 1994, with additional archival content to 1872.</i></p>
<p><b>IEEE Conference Proceedings</b> 900+ annual titles</p>	<p>Cutting-edge research from leading IEEE conferences around the world. IEEE conference proceedings represent the most vital collection of published papers in electrical engineering, computer science and related fields.</p> <p><i>Content dates back to 1988 for all titles, with archival content to 1951 for select conferences.</i></p>
<p><b>IET Conference and Seminar Digests</b> 20+ annual titles</p>	<p>Published Institution of Engineering and Technology meetings and events.</p> <p><i>Complete backfile to 1994, with additional archival content for many titles.</i></p>
<p><b>IEEE Standards</b> 2,100+ IEEE standards documents, including all active, historical and withdrawn standards. Draft standards are also available as an add-on package to IEL.</p>	<p>A driving force in today's global marketplace, IEEE standards create markets, increase profitability and ensure safety.</p> <p><i>The most essential information in technology today.</i></p>

## IEL: The Best Value in Your Collection

With the IEEE/IET Electronic Library, you'll have access to technology's most important journals, conference proceedings and standards—giving you the research you need at a price you can afford.

### Exceptional Value for a Fraction of the Cost

Value of Individual Titles Available in IEL

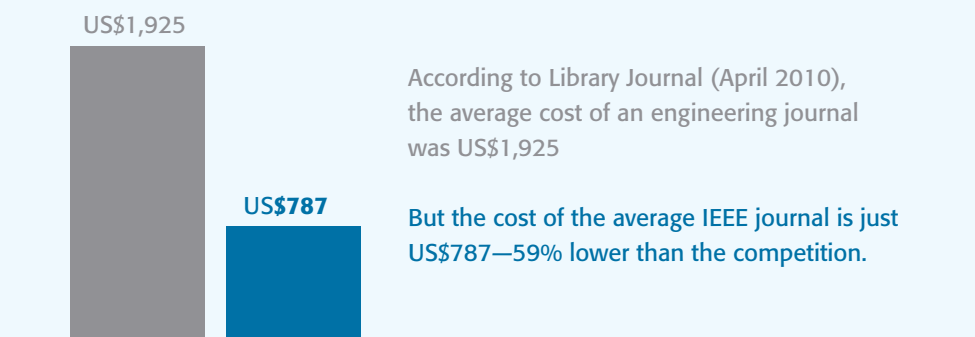

IEEE Conference Proceedings	\$279,000
IEEE Periodicals	\$118,000
IEEE Standards Collection	\$186,000
IET Journals & Conferences Collection	\$28,705
Proceedings of the IEEE	\$885
IEEE Spectrum	\$200
<b>Total value of all IEL content if purchased separately</b>	<b>\$612,790</b>

**A typical IEL subscription is just a fraction of the price!**

Subscribing to all current IEEE and IET publications separately could cost more than US\$600,000. Compare that with the standard IEL subscription (single-site price including A&I and backfile) at just a fraction of the price\*—and the value of IEL is obvious.

**IEL costs less, includes more content, and provides cutting-edge research that puts you at the forefront of technology.**

### IEEE Journals Priced Below the Competition

Year after year, studies prove that **IEEE journals are priced well below** comparable for-profit journals, and even below the average comparable not-for-profit journals.

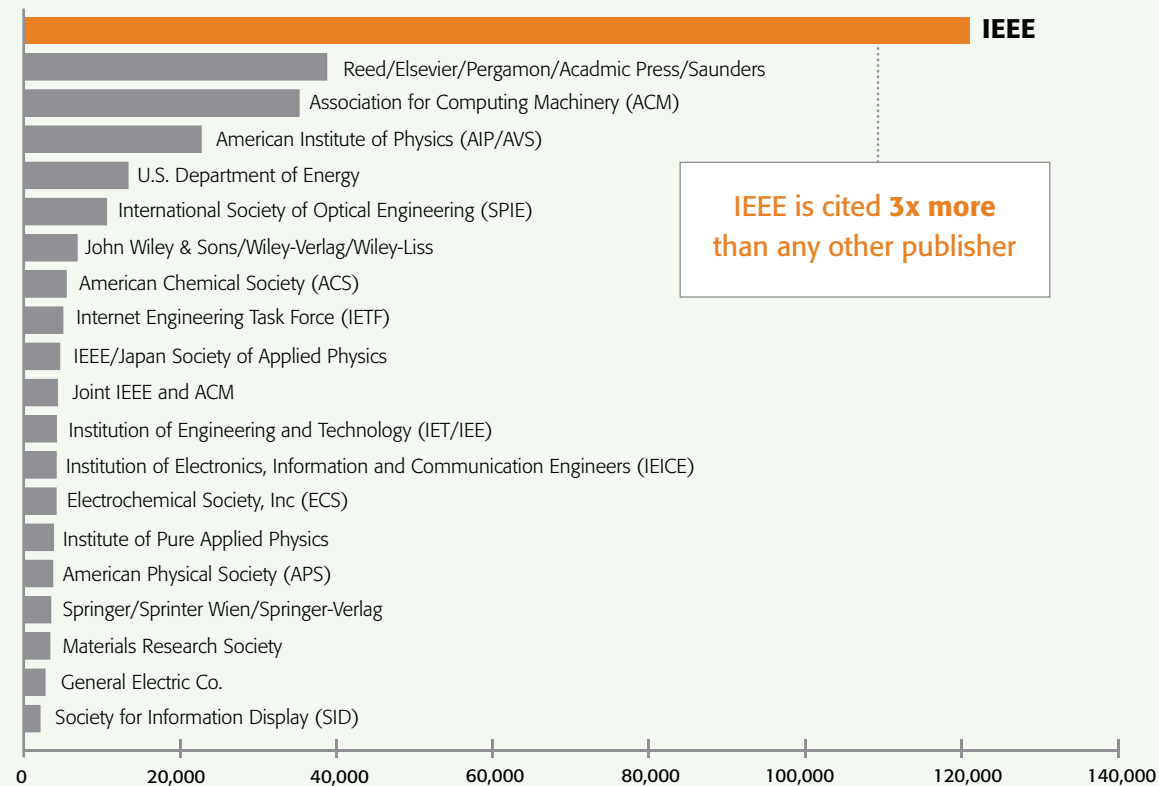

\*Contact your IEEE Account Manager for pricing information specific to your organization.

## Top Patenting Organizations Rely on IEEE Research

Today's corporations continue to deliver new patented technologies at an ever-increasing pace, and by far **the most-cited publisher in new patents is IEEE**, according to recent studies by 1790 Analytics LLC.

These studies reveal that IEEE journals and conference proceedings received over 125,000 patent citations—**three times more than any other publisher**. In fact, referencing to IEEE papers has **increased 375%** since 1997.

### Patent References from the Top 25 Patenting Organizations to Top Publishers\*

## Citations to IEEE Journals Continue to Climb

Each year, the Journal Citation Reports (JCR) from Thomson Reuters examine the impact of scholarly journals by determining how often a journal's articles are cited by later research.

According to the most recent report, IEEE publishes:

- 16 of the top 20 journals in Electrical & Electronic Engineering
- 9 of the top 10 journals in Telecommunications
- 6 of the top 10 journals in Computer Science, Hardware & Architecture
- 3 of the top 5 journals in Automation & Control Systems
- 3 of the top 5 journals in Computer Science, Software Engineering
- 2 of the top 5 journals in Computer Science, Artificial Intelligence
- 2 of the top 5 journals in Robotics

The JCR ranks journals by their impact factor, defined as the average number of times articles published in a specific journal in the previous two years were cited in a particular year.

### 16 of the top 20 journals in Electrical & Electronic Engineering

1	IEEE Signal Processing Magazine
2	Proceedings of the IEEE
3	IEEE Transactions on Industrial Electronics

## IEEE Xplore: Delivering Innovative Research Better than Ever

IEEE Xplore provides a powerful, intuitive interface to access the essential research that can drive patents and innovation. Maintain your competitive edge with valuable IEEE journals and magazines, conference proceedings and standards.

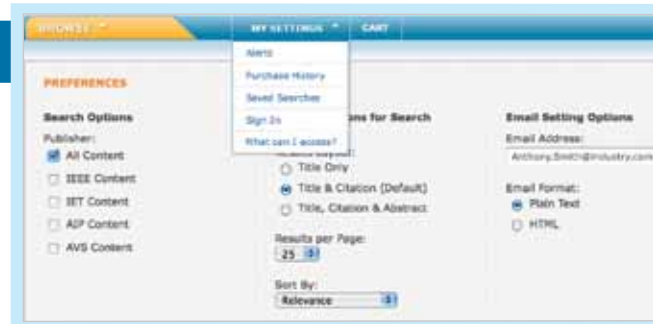

### Search

- Global search box on every page
- Convenient type-ahead shortens searching time
- Functional search breadcrumb trail lets you easily remove search elements

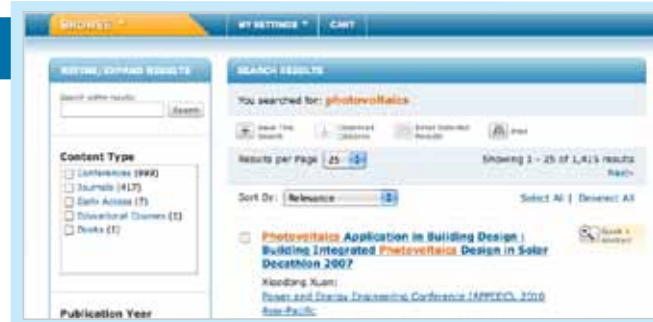

### Personalize

- Personalization options allow you to set search preferences using multiple criteria
- Create up to 15 personalized saved searches
- Receive e-mail alerts or RSS feeds of new content updates

### Find

- Faceted search results make finding the right information easier
- Smart "Refine/Expand Results" module lets you modify your search by multiple facets
- Post-search sort options provide results display flexibility

### IEEE Xplore Also Provides:

- Multimedia files for select articles & papers
- Basic, Advanced & Command search options
- IP Authentication—no username/password required
- Content sensitive Help features
- Persistent links (OPAC)
- Athens and Shibboleth authentication

## IEEE Xplore: Customer Success Stories

Customers large and small benefit from the speed and reach of the IEEE Xplore digital library.

### Case Study: Raytheon BBN Technologies

#### Challenge

A recent research request pertaining to techniques for measuring the thickness of Arctic ice came to Jennie Connolly, BBN Library Manager.

#### Strategic Approach

"Our team quickly generated a list of abstracts that met the criteria of the research request and forwarded it to the engineer," said Connolly.

#### Outcome

"The engineer promptly returned a list of citations for which full-text copies were needed and we were able to access all of them immediately using IEEE Xplore," explained Connolly. IEEE Xplore is unmatched in breadth in providing full-text access to journals, magazines, conference proceedings, standards, books, educational courses, and other critical information. It's all in one place."

### Case Study: Distrocuyo S.A.

#### Challenge

Distrocuyo, the Electric Power Transmission Company in the Cuyo area of Argentina, set a goal to land two research projects in Chile and Argentina.

#### Strategic Approach

The research projects in question relied upon specific research that had been done in the past, so access to these documents was crucial. Distrocuyo was confident it could deliver the articles and standards needed because the company subscribed to IEEE Xplore digital library.

#### Outcome

Said a spokesperson for the company: "Distrocuyo was awarded the two contracts of \$500,000 and \$200,000, based on the results delivered by our IEEE Xplore subscription. In November we will renew our subscription to IEEE Xplore, and if IEEE has anything else to offer, please let me know."

## IEEE: Your Source for New and Emerging Technologies

The technology landscape is constantly evolving and so are IEEE publications. Each year, IEEE continues to provide the **cutting-edge content needed to lead innovation into the future.**

### New IEEE Journals for 2011

- IEEE Journal on Emerging and Selected Topics in Circuits and Systems
- IEEE Journal of Photovoltaics
- IEEE Transactions on Terahertz Science and Technology

### New IEEE Journals for 2010

- IEEE Transactions on Affective Computing
- IEEE Biometrics Compendium
- IEEE Magnetics Letters
- IEEE Transactions on Smart Grid
- IEEE Transactions on Sustainable Energy

### Selection of New IEEE Conferences in 2010

- International Conference on Advances in Databases, Knowledge, and Data Applications
- International Conference on Advances in Future Internet
- International Conference on Advances in Multimedia
- International Conference on Advances in Satellite and Space Communications
- ORNL Biomedical Science & Engineering Conference
- International Workshop on Database Technology and Applications
- International Workshop on Education Technology and Computer Science
- Asian Conference on Intelligent Information and Database Systems
- International Workshop on Near Field Communication
- International Symposium on Search Based Software Engineering
- International Conference on Ubiquitous and Future Networks
- International Conference on Wireless Communication, Vehicular Technology, Information Theory and Aerospace & Electronic Systems Technology

Now Over 900  
Annual Conferences

## More Cutting-Edge Research from IET

The Institution of Engineering and Technology (IET) is a world-leading professional organization—sharing and advancing knowledge to promote science, engineering and technology across the world. Over 184,000 articles are available from the IET, with more than 5,000 articles added every year.

IET research can be accessed via the IEEE/IET Electronic Library (IEL)—keeping you at the forefront of new developments in science, engineering and technology.

### Current Publications

- Electronics Letters
- Micro & Nano Letters
- IET Research Journals—includes 20 titles!
- E&T—Engineering & Technology magazine
- IET Conference Publications
- IET Seminar Digests

Includes access to backfile content from 1994 where available.

### Legacy Content

- Electronics Letters Archive (1965–1993)
- IET Magazines—access content from 1988–2007
- IET journal archive material from 1872–1993 is now available

### More Valued Research from Key Publications

Eight highly-regarded IET publications are increasing frequency for 2011, giving you even more cutting-edge research.

- IET Computer Vision—up from 4 to 6 issues
- IET Control Theory & Applications—up from 12 to 18 issues
- IET Image Processing—up from 6 to 8 issues
- IET Microwaves, Antennas & Propagation—up from 12 to 15 issues
- IET Power Electronics—up from 6 to 9 issues
- IET Radar, Sonar & Navigation—up from 6 to 9 issues
- IET Signal Processing—up from 6 to 8 issues
- Micro and Nano Letters—up from 6 to 12 issues

### Two New Journals Launching in 2011

The number of IET periodicals will increase to 25 in 2011 with additions to the communications and power suites. *IET Wireless Sensor Systems* focuses on the growing field of wireless sensor networks and distributed systems, while *IET Electrical Systems in Transportation* is aimed at all aspects of electrical power systems in modern transport applications.

## IEEE Standards: Maximize Product Development

Stay competitive with access to the **growing collection of IEEE Standards** used throughout industry. Maximize your product development and R&D efforts with the most essential information in technology today.

### Stay Ahead of the Curve with IEEE Standards

IEEE is dedicated to providing standards that reflect the rapidly growing technology field with new standards.

- **National Electrical Safety Code® (NESC®) 2012—Coming in 2011!**  
Sets the ground rules for practical safeguarding of persons during the installation, operation, or maintenance of electric supply and communication lines and associated equipment.
- **IEEE Smart Grid Interoperability**  
Unifies power, communications and information technology standards to improve Smart Grid technology.
- **IEEE 3000 Series Standards—Coming soon!**  
Formerly the IEEE Color Books®, these recommended practices cover all facets of industrial and commercial power systems.

### Examples of Popular IEEE Standards

IEEE 1547.2-2008: IEEE Application Guide for IEEE 1547, IEEE Standard for Interconnecting Distributed Resources with Electric Power Systems

IEEE C37.102-2006 (Revision of IEEE C37.102-1995): IEEE Guide for AC Generator Protection

IEEE 1685-2009: IEEE Standard for IP-XACT, Standard Structure for Packaging, Integrating, and Reusing IP within Tools Flows

IEEE 830-1998: IEEE Recommended Practice for Software Requirements Specifications

IEEE 802.11n-2009™ (Amendment to IEEE 802.11-2007™ as amended by IEEE 802.11k-2008™, IEEE 802.11r-2008™)—IEEE Standard for Information technology—Telecommunications and information exchange between systems—Local and metropolitan area networks—Specific requirements Part 11: Wireless LAN Medium Access Control (MAC) and Physical Layer (PHY) Specifications Amendment 5: Enhancements for Higher Throughput

IEEE 519-1992: IEEE Recommended Practices and Requirements for Harmonic Control in Electrical Power Systems

IEEE 80-2000: IEEE Guide for Safety in AC Substation Grounding
