of Engineering the Future

## Quality. Depth. Value. Essential Information from IEEE.

IEEE publications provide quality, depth and value to your engineering and computing collection. IEEE online collections deliver:

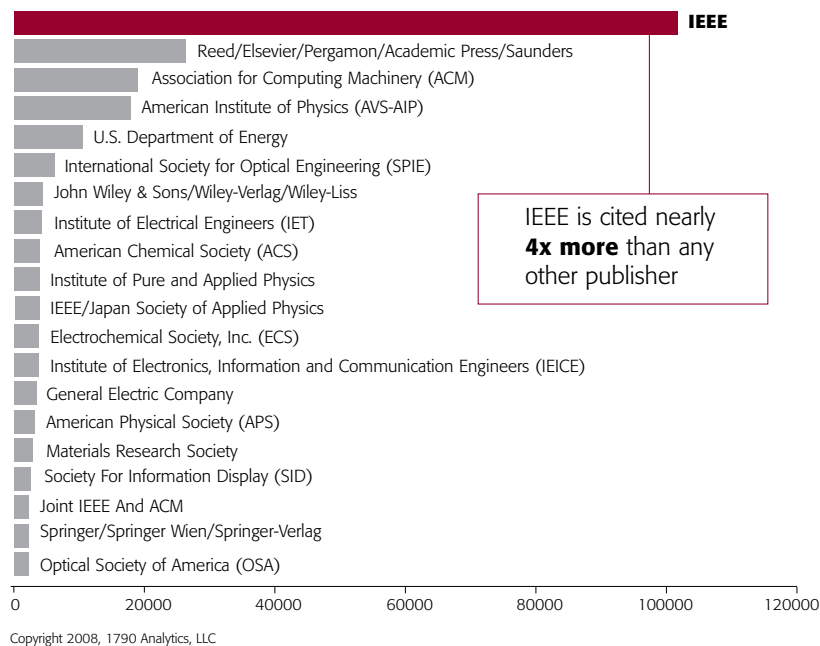

- IEEE periodicals and conference proceedings that define the field —the content your researchers need
- Research that is cited in patents more than any other publisher
- The top cited journals in many fields according to Thomson ISI
- Nearly 2 million documents

Get instant, full-text access to the research you need directly to your desktop with a subscription to the IEEE Journals Library Plus.

## Patent References from the Top 25 Patenting Organizations to Top Publishers

New patents cite IEEE-published science more often than any other scholarly and commercial publisher.

Patent references to IEEE papers have increased 294 percent in the last decade.

IEEE is cited nearly  
**4x more** than any  
other publisher

"Through its sponsorship of highly regarded technical conferences, topical meetings, outstanding peer-reviewed scientific publications, industry-shaping standardization committees and dedication to all of its members, IEEE has become the leading organization devoted to the advancement of technology and support of the global engineering community."
