IEEE Standards Online

Maximize product development and R&D with IEEE Standards Online, the most essential information in technology today.

- ▣ Increase competitive advantage
- ▣ Gain faster response to market opportunities
- ▣ Increase productivity by reducing design errors
- ▣ Keep up-to-date with new and revised standards
- ▣ Access tomorrow's draft standards first and get an edge on the competition!

"IEEE gives us access to up-to-date standards with minimal effort...ISO 9001 compliance is assured by verifying the most recent version of a standard is being used."

—IEEE subscriber from a leading technology company

Covering the Leading Edge Technologies

IEEE Standards Online offers continuous access to the comprehensive and growing collection of IEEE Standards used throughout the industry. Covered technologies include:

Design Automation	Portable Applications (POSIX)
Electric Machinery	Power Substations
Electromagnetic Compatibility	Power Transformers, Distribution & Regulation
Energy Development/Power Generation	Power Transmission & Distribution
Health Informatics/Medical Device Communication	Protective Relaying
Industrial & Commercial Facilities	Software Engineering
Information Technology	Surge Protective Devices
Insulated Conductors	Switchgear
LAN/MAN	Testing, Instrumentation, & Measurement
Nuclear Engineering	Transportation Technology

About the IEEE

The IEEE, a non-profit organization, is the world's leading professional association for the advancement of technology.

The IEEE is a leading developer of standards that underpin many of today's technologies. Our standards are developed in a unique environment that builds consensus in an open process based on input from all interested parties. With nearly 1,300 standards either completed or under development, we are a central source of standardization in both traditional and emerging fields, particularly telecommunications, information technology, and power generation.

IEEE Standards Can Help Your Organization

With instant, easily-searchable access via IEEE Xplore®, subscription options to match your specific requirements, immediate updates, and automatic alerts, IEEE Standards Online will provide your company with the competitive advantage it needs.

- ▣ Gain increased competitive advantage through awareness of new technology
- ▣ Respond more quickly to market opportunities
- ▣ Gain acceptance in global markets
- ▣ Increase productivity by reducing design errors and research time
- ▣ Facilitate compliance with industry standards
- ▣ Keep up-to-date with new and revised standards
- ▣ Get an edge on the competition by accessing tomorrow's draft standards first

Your Company Needs IEEE Standards For:

- ✓ Design
- ✓ Reference and RFPs
- ✓ Compliance programs, such as ISO 9001
- ✓ Purchasing specifications
- ✓ Legal & patent issues
- ✓ Safety requirements
- ✓ Maintenance & testing
- ✓ Quality assurance

Advantages of a Standards Online Subscription for Your Company

- ▣ Substantial savings over purchasing standards individually
- ▣ Increased productivity with immediate 24/7 access for all employees
- ▣ Find a standard quickly with fast and comprehensive search and retrieval features
- ▣ Immediate updates and automatic email alerts regarding new standards and drafts
- ▣ Competitive advantage with access to new and revised draft standards

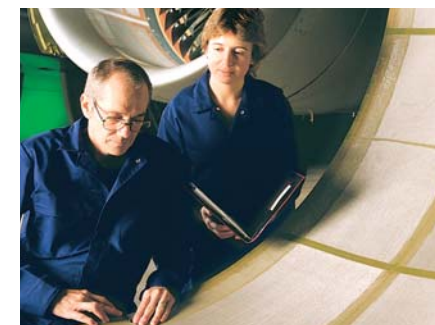

Does Your Company...

- ▣ have difficulty keeping their library of standards current?
- ▣ have multiple users accessing the same standards?
- ▣ purchase thousands of dollars of standards each year?
- ▣ need automatic updates to standards?
- ▣ need access to draft standards?

If yes to any of the above, your company would benefit from an IEEE Standards Online Subscription.

For more information about IEEE subscriptions contact your IEEE account representative or visit www.ieee.org/innovate.

IEEE Standards Online Subscription Options

IEEE Standards Online, with numerous technology subscription packages, offers you and your organization **continuous access to the comprehensive and growing collection** of IEEE Standards used throughout the industry today.

IEEE/IET Electronic Library (IEL) Journals, Conferences, and Standards Subscription

The industry's most powerful reference resource. The IEL provides libraries and research facilities unparalleled access to almost one-third of the world's current electrical engineering and computer science literature. Includes IEEE and IET journals, magazines, and conference proceedings and **all IEEE published and approved standards.**

IEEE All-Inclusive Standards Subscription

2,100+ IEEE standards covering topics and industries, including power and energy, telecommunications, information technology, software, electromagnetic compatibility, and more. Includes all active, draft, archived, and withdrawn standards.

IEEE All-Inclusive Information Technology Standards Subscription

730+ active standards, drafts, and archived standards impacting the IT industry today.

IEEE All-Inclusive Power and Energy Standards Subscription

1,000+ active standards, drafts, and archived standards impacting the power industry today.

IEEE Power Distribution and Regulating Transformers Standards Subscription

180+ IEEE power distribution and transformer standards, drafts, and archived standards.

IEEE Power Switchgear Standards Subscription

175+ switchgear standards, drafts, and archived standards used with electric power systems and grids.

IEEE Power Transmission and Distribution Standards Subscription

100+ IEEE power transmission and distribution standards, drafts, and archived standards.

IEEE Power Protective Relaying Standards Subscription

45+ protective relaying standards, drafts, and archived standards for system design.

IEEE Telecommunications Standards Subscription

860+ telecommunications related IEEE standards, drafts, and archived standards.

IEEE LAN/MAN 802® Standards Subscription

The **worldwide collection** of IEEE 802® standards covering personal, local, and metropolitan area network interfaces.

IEEE Software Engineering Standards Subscription

100+ leading standards and archived standards used to maximize software development investments throughout the software engineering industry today.

IEEE Electromagnetic Compatibility Standards Subscription

90+ critical IEEE and ANSI electromagnetic compatibility related standards, drafts, and archived standards.

For a list of titles included in each package, visit www.ieee.org/digitalsubscriptions

For a custom quote, contact onlinesupport@ieee.org

Delivered by IEEE Xplore®

IEEE Standards Online subscriptions are now accessible through the powerful IEEE Xplore digital library, which also delivers access to all IEEE periodicals and conference publications to subscribing organizations.

Weekly updates with more than 25,000 pages of new documents added every month!

100% full-text searchable content with full-page PDF images of all articles, papers, and standards.

2007 Enhancements to IEEE Xplore

In 2007, the IEEE Xplore digital library was enhanced with the following features for IEEE Standards Online subscribers:

		Benefit
Ease of Use	Enhanced navigation	An enhanced navigation to help you find the standard you need more quickly
	IP Authentication	The option to switch to the more convenient Internet Protocol (IP) authentication, so you no longer have to remember a username and password
	Email alerts	Opt-in email alerts to help you keep track of new standards and revisions
Searching	Search other IEEE content at the same time	The opportunity to search IEEE standards plus other IEEE content such as journals, magazines, and conferences at the same time to find other information related to this technology
	Search standards by status and industry grouping	Multiple search options, including the ability to search standards by status and industry grouping
Content	2007 National Electrical Safety Code	The addition of the 2007 National Electrical Safety Code, available with select package subscriptions
	IEEE Standards Dictionary	The addition of the IEEE Standards Dictionary, available with select package subscriptions

IEEE Xplore Also Provides:

- Context-sensitive Help features
- Basic, Advanced, Fielded, and Boolean search options
- Free email alerts
- OPAC linking
- Open URL compatibility (coming soon)
- CrossRef outbound links from citations
- and more!

"IEEE Standards Online has proven to be very useful to ensure market acceptance and interoperability of its new products. It is easy to use and provides time and cost efficiency... a well worthwhile service!"

—Technology engineer

Get the Most from Your IEEE Subscription

IEEE offers personalized service to help your organization get the most from your subscription to IEEE Standards Online.

The IEEE Personal Connection

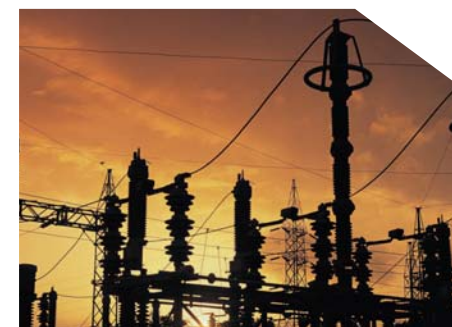

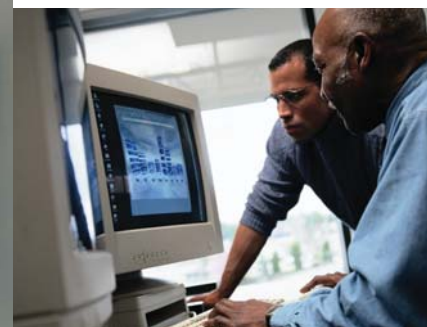

- ▣ Local account managers worldwide
- ▣ Online or in-person training on request by IEEE Client Services Managers
- ▣ On-call Customer Support team answers all emails in 2 business days

Exclusive Tools for Subscribers

- ▣ Customized usage reports meeting all industry standards
- ▣ Catalog linking tools, including OPAC links and lists of title changes
- ▣ Promotional graphics for your intranet site
- ▣ Downloadable training materials and user guides
- ▣ Online news updates
- ▣ and more
