

IEEE Celebrates 10 Years of the IEEE/IET Electronic Library Online

Brought to you by the IEEE Xplore® digital library

www.ieee.org/ieeexplore

IEEE's most comprehensive and value-driven collection provides access to nearly one-third of the world's current literature in electrical engineering, electronics and computer science.

The IEEE/IET Electronic Library (IEL) Online Delivers:

- Full-text access to **nearly 2 million** IEEE and IET journals, magazines, transactions and conference proceedings
- Every approved and published IEEE standard
- The **top-cited** journals in many fields year after year
- Complete backfile to 1988, plus select content back to 1913

IEL Online content has grown tremendously since its launch in 1999 with an average of more than 100,000 NEW articles posted each year for the past decade.

	1999	2008
Total Number of Articles	520,000	Nearly 2 million
Journals & Magazines	106 titles 15,700+ new articles	143 titles in 2009 31,200+ new articles
Conference Proceedings	367 conference titles 50,800+ new articles	Over 850 conference titles 129,700+ new articles
Number of Authors	More than 350,000	Nearly 1.4 million
Backfile (Legacy content)	IEEE & IET back to 1988	IEEE back to 1913; IET back to the 1800s; more than 250,000 articles
Number of Users	Over 192,000	Over 3 million

Access the most highly-cited content in patents

Recent studies by 1790 Analytics, LLC show more references to IEEE content than any other sci-tech publisher.

- Sci-tech literature in patents is becoming more important
- Patent referencing to IEEE increased **294%** in the last 10 years
- 38% of the sci-tech citations by the **top 25** patenting organizations are to IEEE
- IEEE is cited **nearly 4 times more** than other publishers

IEEE Celebrates 10 Years of the IEEE/IET Electronic Library Online

The IEEE/IET Electronic Library Online continues to provide the cutting-edge content needed to lead innovation into the future.

New IEEE Journals for 2009

- IEEE Transactions on Autonomous Mental Development
- IEEE Transactions on Computational Intelligence and AI in Games
- IEEE Embedded Systems Letters
- IEEE/OSA Journal on Optical Communications and Networking
- IEEE Photonics Journal
- IEEE Solid-State Circuits Magazine

Over 38 NEW journals
since 1999

New IEEE Journals for 2008

- IEEE Reviews in Biomedical Engineering*
- IEEE Transactions on Haptics
- IEEE Transactions on Learning Technologies
- IEEE Journal of Selected Topics in Applied Earth Observations and Remote Sensing
- IEEE Transactions on Services Computing*

Selection of New IEEE Conferences in 2008*

- International Conference on Gas Discharges and their Applications
- International Conference on Prognostics and Health Management
- IEEE Silicon Nanoelectronics Workshop
- IEEE/OES US/EU—Baltic International Symposium
- Proceedings of the EPE Wind Energy Chapter Seminar
- IEEE International Workshop on Imaging Systems and Techniques
- European Wireless Conference
- International Workshop on Signal Processing for Space Communications (SPSC)
- IAPR Workshop on Pattern Recognition in Remote Sensing (PRRS)
- Cairo International Biomedical Engineering Conference
- Joint Conference of the Opto-Electronics and Communications Conference (OECC) and the Australian Conference on Optical Fibre Technology (ACOFT)
- IFIP Wireless Days (WD)
- Symposium on Piezoelectricity, Acoustic Waves, and Device Applications (SPAWDA)

More than 400 NEW
conferences since 1999

*coming soon to the IEEE Xplore® digital library
