Quality research for new and emerging computing technology

Stay on top of the latest technology advancements with research published by the foremost professional association on all aspects of computing technology. The IEEE Computer Society Digital Library provides access to authoritative computing research and thousands of articles on best practices and industry applications. Cited in technology patents more than any other publisher, the depth and breadth of content suits both academic and industry uses. Get the information needed to tackle tough research questions and discover cutting-edge computing breakthroughs.

IEEE Computer Society Digital Library delivers key benefits to your research team:

- **Drive new ideas,** designs, and applications with cutting-edge research
- **Develop better solutions** faster by understanding the technology landscape
- **Stay ahead of advancements** and benchmark competitor research
- **Increase productivity** by reviewing previous research so you don't reinvent the wheel
- **Accelerate innovation** with convenient access to proven research all in one place
- **Increase scholarly output** and new research development
- **Stay ahead of the technology curve** with the latest publications

Practical and applied research that gets results.

Critical Resources for Security & Privacy in Computing

Security is a critical subject within the computing discipline and trusted resources on the topic are essential for any computer science and engineering program. Ensure that you have access to leading content from a worldwide network of researchers with the IEEE Computer Society Digital Library.

Technical Magazines

- *IEEE Security & Privacy* (Impact factor: 2.9)
- *IT Professional* (Impact factor: 2.2)

Research Journals

- *IEEE Transactions on Dependable and Secure Computing* (Impact factor: 7.0)

The very latest research coming out of our conferences, including:

- IEEE International Symposium on Hardware Oriented Security and Trust (HOST)
- IEEE International Conference on Big Data Security on Cloud
- IEEE Symposium on Security & Privacy (S&P)
- IEEE Computer Security Foundations Symposium (CSF)
- IEEE International Conference on Trust, Security and Privacy in Computing and Communications (TrustCom)
- IEEE Secure Development Conference (SecDev)

Essential IEEE Computer Society Content in Security Technology

Access critical research on a variety of security topics via the IEEE Computer Society Digital Library.

Cyber Security	212,000+ documents
Data Privacy	742,000+ documents
Encryption	39,000+ documents
Authentication	45,000+ documents
Intrusion Detection	261,000+ documents
Malware	10,000+ documents
Vulnerability	22,000+ documents
